

Paper Sculpture

Construction

Prior Knowledge

Pupils were taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

My Component Knowledge:

Lesson 1: I can experiment with and understand how nets work and can be created.

Lesson 2: I can construct a net of a given shape

Lesson 3: I can observe and research the work of different artist.

Lesson 4: I can create a sculpture using one piece of paper focusing on folds.

Lesson 5: I can construct my sculpture following my design.

Lesson 6: I can evaluate my sculpture, suggesting improvements.

My Composite Knowledge:

I can understand how sculptures can be created using one piece of paper focusing on the folds.

My Powerful Knowledge:

I can use inspiration form a range of artists and different techniques to create my own paper sculpture.

Key Vocabulary

Tier 1:

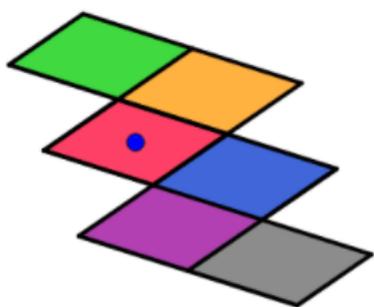

net
 segment
 3D

Tier 2:

design
 construct

Tier 3:

origami
 dismantle

Can one piece of paper be art?

How do we construct a 3D net ?
