

Spanish - Spring Term

Civilisation

Prior Knowledge

Year 3 Spanish: Colours, numbers, greetings, classroom instructions, names of fruit, days of the week, months of the year, Christmas in Spanish.

My Component Knowledge:

- Body and face parts
- Shapes
- Prepositions of place
- Spanish geography

My Composite Knowledge:

The above objectives will be taught in short, regular lessons across the term. Through weekly lessons, children will gradually build a composite body of knowledge whilst developing vocabulary, grammar, pronunciation, and cultural awareness step by step. Each lesson connects to the last, so children's understanding grows cumulatively and securely over time.

My Powerful Knowledge:

By the end of Key Stage 2, pupils will have a strong foundation in Spanish, giving them the confidence to communicate in another language and an appreciation of the wider world.

Key Vocabulary

- Circle: círculo
- Square: cuadrado
- Triangle: triángulo
- Rectangle: rectángulo
- Oval: óvalo
- Rhombus: rombo
- Star: estrella
