

Natural Resources

Innovation

Prior Knowledge

Year 2 Geography - Weather and seasons

Year 2 Geography - Farming and how we depend on natural resources in our everyday lives.

Key Vocabulary

Tier 1: natural

Tier 2: resource, minerals

Tier 3: renewable, sustainability, economy, distribution, manufacturing, industry

My Component Knowledge:

Lesson 1: Where do everyday resources come from?

Lesson 2: What is a natural resource?

Lesson 3: How do we use natural resources?

Lesson 4: Where does our food come from?

Lesson 5: How is water important in our lives?

Lesson 6: What natural resources are essential for our survival?

My Composite Knowledge:

I can identify and describe what natural resources are and explain their distribution.

My Powerful Knowledge:

I know that natural resources are distributed unevenly across the world meaning that they are transported from country to country. I know that resources I use on a daily basis are originally made from natural resources. I know which natural resources I couldn't live without.

What is the difference between renewable and non-renewable resources?

Where does your food come from?
