

Why do some people believe in God and some people do not?

Evolution

Prior Knowledge

Previously, we have learnt about Humanists, what that means and what they believe. We have learned about what different people believe about the creation of the world and creation vs science and how different religions believe the world was created. We have learned about how Christians decide to live their life in accordance with their religion.

Key Vocabulary

Tier 1: Believer, God, non-believer

Tier 2: Christians, factors

Tier 3: Theist, atheist, agnostic

My Component Knowledge:

Lesson 1: I can discuss God and identify what that means in other religions.

Lesson 2: I can identify how factors can influence if people believe in God or not.

Lesson 3: I can define the terms *theist*, *atheist* and *agnostic*.

Lesson 4: I can give reasons why some people believe and why some don't believe in God.

Lesson 5: I can formulate an opinion on how the world was created and create a speech to affirm my thinking.

Lesson 6: I can share my ideas on the benefits of believing and not believing in God.

My Composite Knowledge:

I can identify reasons why people believe in God and why some do not believe and identify factors that contribute to this.

My Powerful Knowledge:

I can give examples to why people believe and do not believe in God and identify how certain factors contribute to people's beliefs.

Why do people believe in God?

<p>Agnostic: a person who neither believes nor disbelieves in a higher power</p>	<p>vs</p>	<p>Atheist: a person who does not believe in any god or higher power</p>
--	------------------	--

What factors contribute to people believing and not believing in God?
